# LEAVE YOUR LEGACY

Support the  HelmkeLibraryRefresh

LIBRARY AND LEARNING COMMONS  
NAMING OPPORTUNITIES

2016-17

## Take Advantage of Some Incredible NAMING OPPORTUNITIES

To start leaving your legacy, just fill out the included form or contact Advancement at 260-481-6962 or [advancement@ipfw.edu](mailto:advancement@ipfw.edu)

### ADOPT A STACK \$1,000

Seize the opportunity to align your name with the infrastructure of the new Helmke Library.

From the physical book shelves and CD/DVD displays to LPs and audio equipment. Music stacks house a vast collection – ranging from folk and classical music scores to display bins of LPs. A book or music stack can be dedicated with your name for \$1,000 per stack.

### LEARNING COMMONS TECHNOLOGY ENDOWMENT \$25,000 (MINIMUM)

Help us keep the Library refreshed and relevant.

The Learning Commons' innovative new identity relies on the latest in academic and technological products and services—an endowment for keeping technology up-to-date and maintained in the Learning Commons creates annual revenue in perpetuity that will ensure we can deliver the best to our students year after year.

### DIGITAL DISPLAY WALL \$75,000

Bring the latest technology to the Learning Commons—straight from IU labs.

Developed by the Indiana University Advanced Visualization Lab, the IQ-Wall uses off-the-shelf hardware and open-source software to provide low-cost, advanced visualization across a thin, energy-efficient flat-screen monitor. These panels can be used to display art, weather reports, and news stories, and may be used separately or combined for a variety of presentations.

Help Desk—First Floor

Learning Commons Service Desk—Second Floor

### GROUP STUDY/PRESENTATION/PRACTICE ROOMS (7) \$100,000

Give students the space to grow.

Seven new rooms for group study, presentations, and practice purposes will be incorporated into Helmke Library and allow students to master a critical core element of university education—how to effectively and clearly communicate to employers, peers, and the public.

These rooms will include equipment featuring multi-device synchronization, visual display options, recording, playback, and textual feedback capabilities to encourage student success.

### TEACHING/LEARNING CLASSROOM \$150,000

Contribute to a state-of-the-art classroom specifically designed for an interactive teaching and learning experience.

This room will feature a mobile instructor workstation, mobile tables and chairs, HD and projection display screens, network-connected printers and scanners, and technology to support mobile devices—all of which provide the means to take down barriers between students and their academic goals.

### LIBRARY CONFERENCE ROOM \$150,000

Build with us as we continue to evolve our campus.

Overlooking the Alumni Plaza, the Library Conference Room has the ability to seat 14 comfortably and is equipped with a digital display for presentations. The space will be available for any IPFW group to reserve—from student organizations to department faculty to administrators—all of whom make the development of our campus possible.

### FORMAL READING ROOM \$150,000

Help round out the Learning Commons with spaces to suit all learning types. A formal reading room will provide the quiet, contemplative environment of traditional libraries that some students prefer over an active, group-oriented study space.

The formal reading room will be located on the designated quiet (fourth) floor and will be designed for concentrated individual study and peaceful reflection for students who just need to get away from it all.

**STUDIO M<sup>2</sup>** **\$200,000**

Enable the realization of Studio M's sister service, Studio M<sup>2</sup>, both extensions of Information Technology Services (ITS) on campus.

The Studio M<sup>2</sup> mission is to equip students with state-of-the-art multimedia resources, training, and customized assistance for class-related project and presentation development. This new studio will manifest as a second lab that supports graphic design, interactive media creation, and more.

**GRAND STAIRCASE** **\$250,000**

Bridge the gap between students and the resources they need to succeed.

The Grand Staircase will connect the first and second floor Learning Commons and unite the services offered by Helmke Library and its partners: the Writing Center, CASA Tutoring, the Honors Program headquarters, IT Services, and Studio M<sup>2</sup>.

**LEARNING COMMONS** **\$1.5 MILLION**

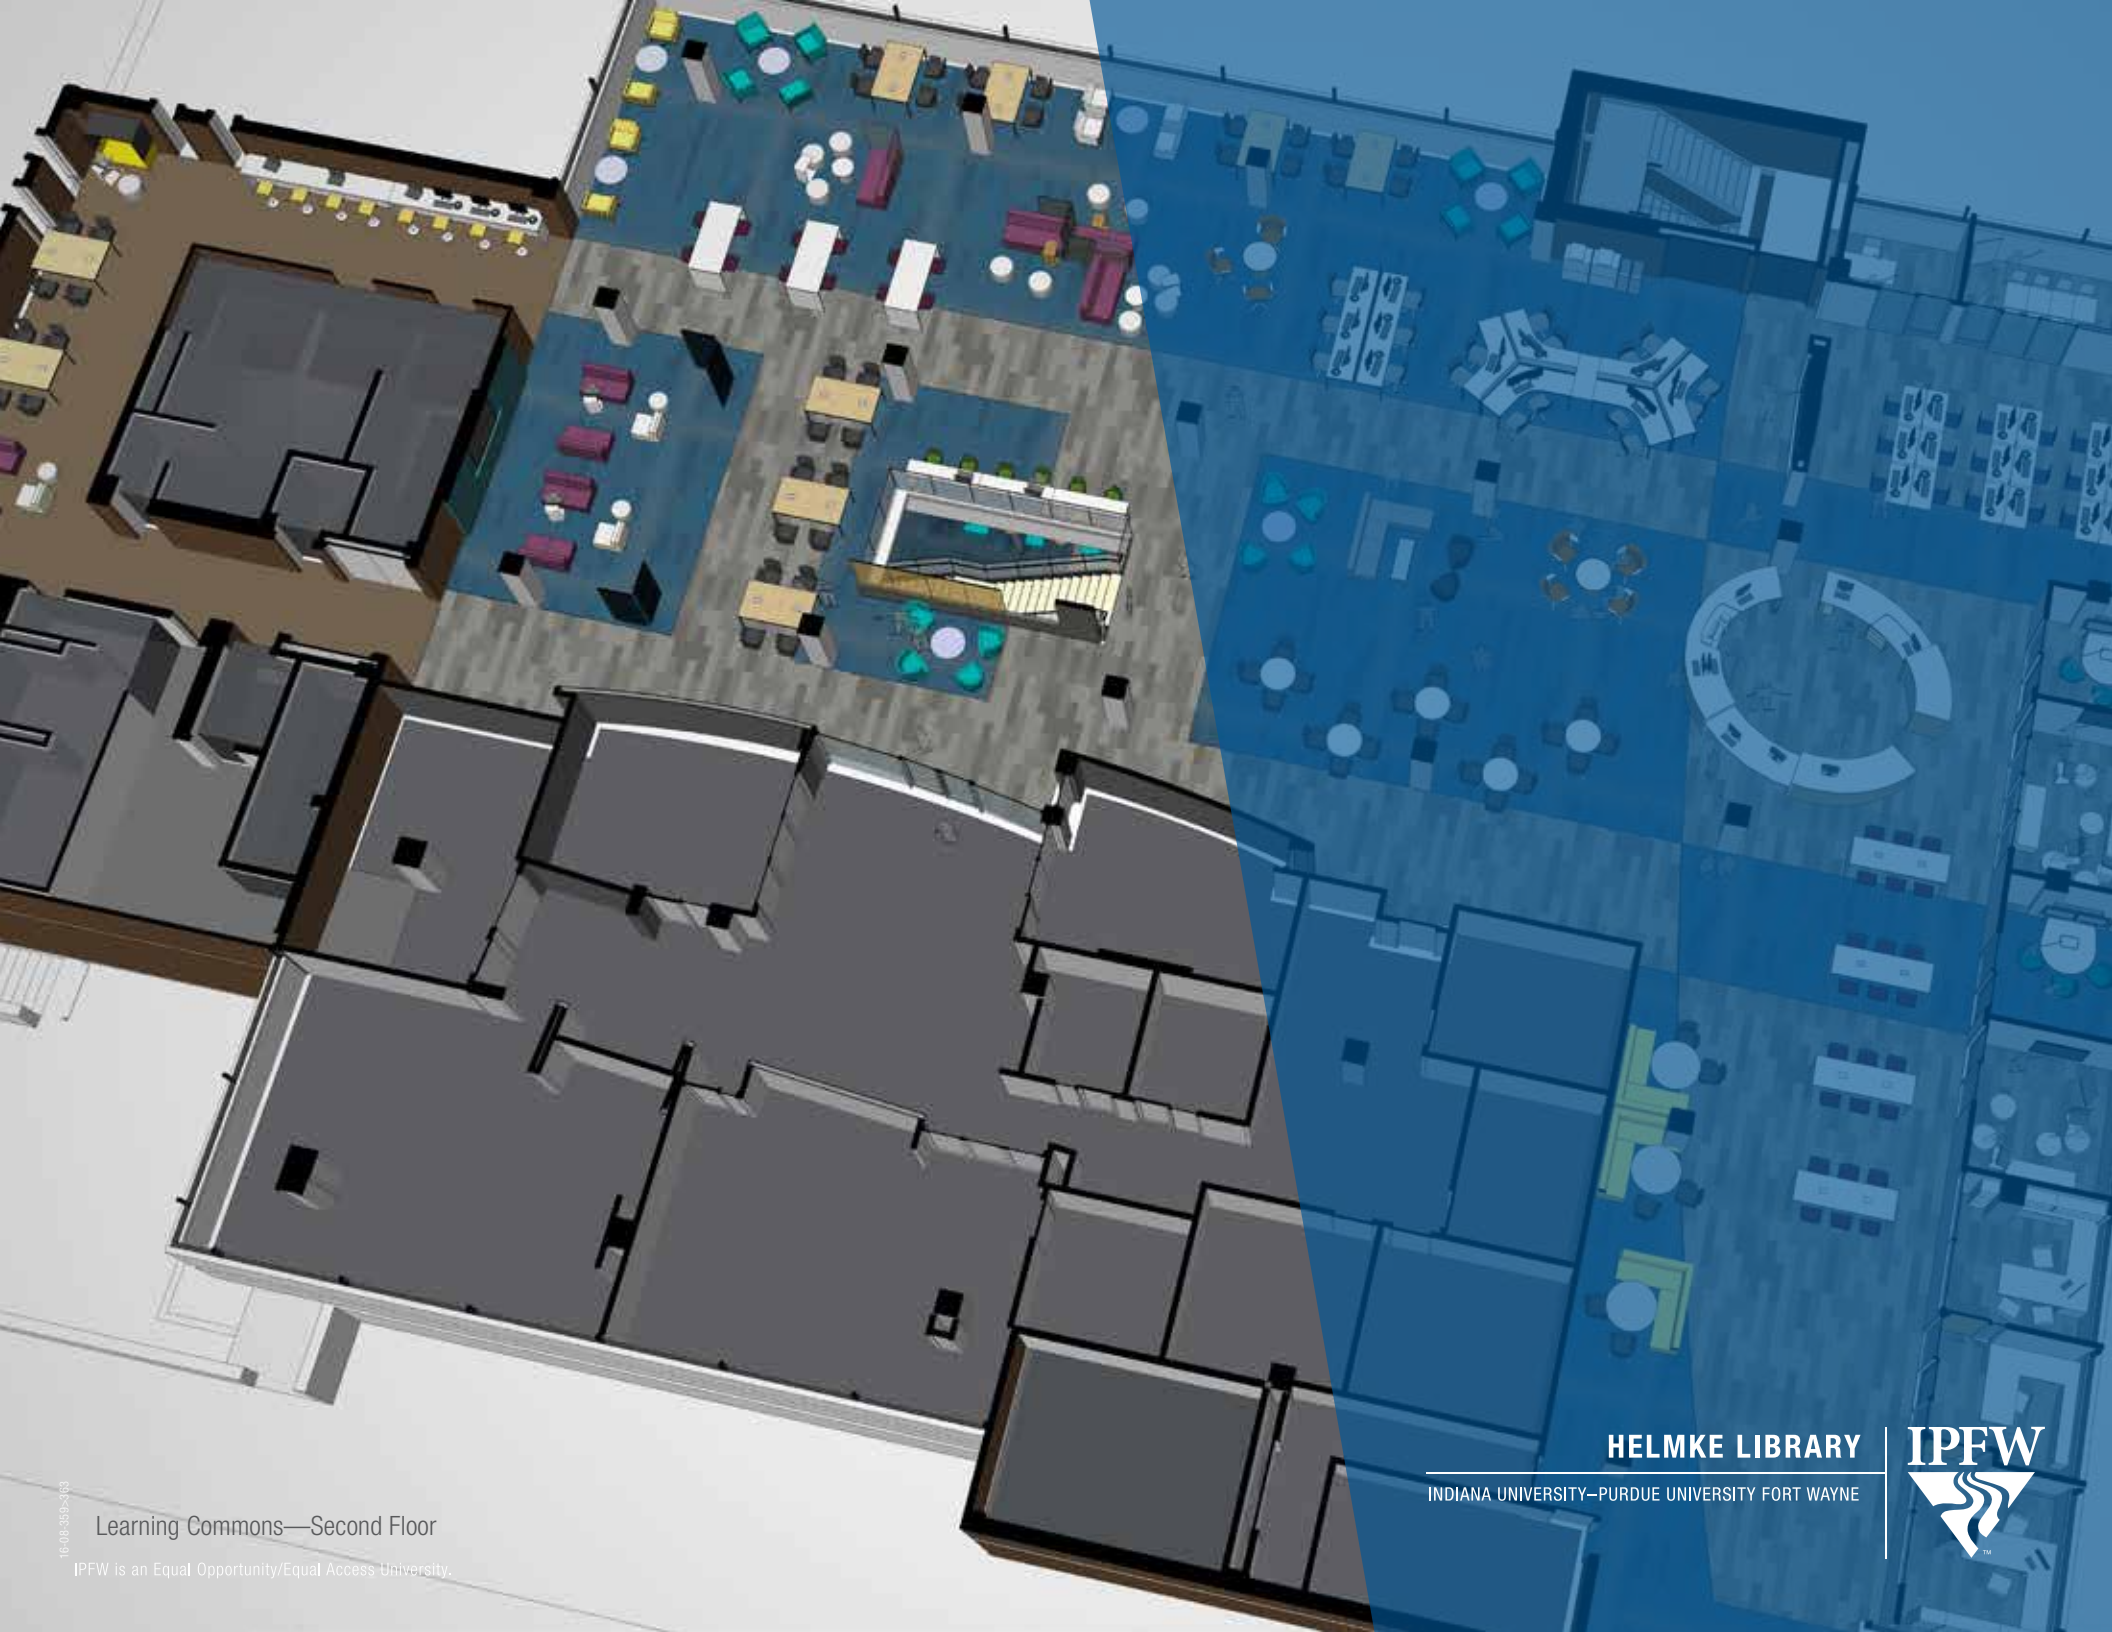

Become a part of the central hub of student learning—the Learning Commons.

In order to support new and innovative concepts in study space, versatile seating, flexible work areas, and the latest technology are coming to the Learning Commons with the Helmke Refresh.

This customizable space allows students and faculty to meet and extend the classroom or lab experience to a more casual, one-on-one environment. With your help, it will provide both a physical and virtual arena for Mastodons that encourages collaborative study and explorative research and learning.

**OTHER NAMING OPPORTUNITIES INCLUDE:**

- ▼ Lounge areas (4)—\$25,000 apiece
- ▼ Reading area with shelves and couches—\$10,000
